

Πρόσκληση

Διάλεξη με θέμα:
Postharvest Biology
and Technology
of Fruits, Vegetables
and Nuts

Δευτέρα
26 Μαρτίου
ώρα 16:00 – 17:00

Αίθουσα 6,
Κτήριο Τάσος Παπαδόπουλος
Θέμιδος και Ιφιγενείας γωνία
Λεμεσός

Τεχνολογικό
Πανεπιστήμιο
Κύπρου

Πρόσκληση

Το Τμήμα Γεωπονικών Επιστημών, Βιοτεχνολογίας και Επιστήμης Τροφίμων του Τεχνολογικού Πανεπιστημίου Κύπρου σας προσκαλεί στη διάλεξη με θέμα:

Postharvest Biology and Technology of Fruits, Vegetables and Nuts

Ομιλητής: Ariel Roberto Vicente

Professor Agroindustry, University of La Plata, Argentina

Ariel Roberto VICENTE

Agronomic Engineer and PhD in Biochemistry University of La Plata Argentina Master in Plant Biology University of California Davis. Professor Agroindustry University of La Plata. Independent Researcher CONICET, Argentina. National Coordinator Food Science Technology Section Ministry of Science and Technology Argentina. Editor Journal of Experimental Botany UK. He has directed twenty Degree and Master thesis and five PhD thesis and has contributed with 70 papers 13 book chapters and 200 congress presentations in the area of Food Sciences, Plant physiology and Postharvest Biology and Technology. His group is oriented to the identification of factors contributing to fruit and vegetable deterioration and to the search for methodologies to control them and ultimately contribute to reduce food postharvest losses.
