CYPRUS UNIVERSITY OF TECHNOLOGY

PREPARATION

Students will need to come prepared to the online session with:

- A copy of the Accelerate letter which will be signed/stamped by your department. You must then enter your name at the top of the letter and take a photo of the letter with your mobile phone (both sides of letter).
- A photograph of your identification (this can be either your ID cards, passport or drivers licence). You will need to ensure your name, photo and date of birth are clearly shown
- A photo of yourself (either selfie or passport style) – this is simply to prove that you are indeed the person on the ID.
- A payment card to make your 23 Euro investment

*The photos must be saved on your mobile phone camera roll, as you will be using your phone to register on the day should you wish to sign up with ACCA through the Accelerate programme

BENEFITS

- Accelerate is an arrangement between ACCA and Cyprus University of Technology which gives students an opportunity to register early for their professional qualification whilst gaining a number of benefits including a 1000 Euro bursary towards starting with ACCA
- Accelerate is designed to reduce the barriers that limit student progression to membership.
